INDEX FOR VOLUME 14

AUTHORS

Adkins, Dorothy C., "Note on the Computation of Product-Moment Correlation Coefficients." 69-73.

Adkins, Dorothy C., "VAUGHN, K. W. (Editor). *National Projects in Educational Measurement.*" A Review. 75-78.

Adkins, Dorothy C., "CHAUNCEY, HENRY (Editor). *Exploring Individual Differences.*" A Review. 75-78.

Andregg, Neal B. (with Warren G. Findley), "A Statistical Critique of the USAFI Tests of General Educational Development." 47-60.

Andrews, T. G., "CHURCHMAN, C. WEST. *Theory of Experimental Inference.*" A Review. 257.

Brogden, Hubert E., "A New Coefficient: Application to Biserial Correlation and to Estimation of Selective Efficiency." 169-182.

Burr, Irving W. (with W. F. Long), "Development of a Method for Increasing the Utility of Multiple Correlations by Considering Both Testing Time and Test Validity." 137-161.

Castore, George F. (with William S. Dye, III), "A Simplified Punch Card Method of Determining Sums of Squares and Sums of Products." 243-250.

Cattell, Raymond B., "r_p and Other Coefficients of Pattern Similarity." 279-298.

Coombs, Clyde H. (with George A. Satter), "A Factorial Approach to Job Families." 33-42.

Dye, William S., III (with George F. Castore), "A Simplified Punch Card Method of Determining Sums of Squares and Sums of Products." 243-250.

Ferguson, George A., "On the Theory of Test Discrimination." 61-68.

Findley, Warren G. (with Neal B. Andregg), "A Statistical Critique of the USAFI Tests of General Educational Development." 47-60.

Fruchter, Benjamin, "Note on the Computation of the Inverse of A Triangular Matrix." 89-93.

Horst, Paul, "A Generalized Expression for the Reliability of Measures." 21-31.

Horst, Paul, "Determination of Optimal Test Length to Maximize the Multiple Correlation." 79-88.

Humphreys, Lloyd G. (with Lyle V. Jones), "DON LEWIS. *Quantitative Methods in Psychology.*" A Review. 163-165.

AUTHORS

Jones, Lyle V., "A Factor Analysis of the Stanford-Binet at Four Age Levels." 299-331.

Jones, Lyle V. (with Lloyd G. Humphreys), "DON LEWIS. *Quantitative Methods in Psychology.*" A Review. 163-165.

Long, W. F. (with Irving W. Burr), "Development of a Method for Increasing the Utility of Multiple Correlations by Considering Both Testing Time and Test Validity." 137-161.

Luce, R. Duncan (with Albert D. Perry), "A Method of Matrix Analysis of Group Structure." 95-116.

MacCrone, I. D. (with A. Starfield), "A Comparative Study in Multiple-Factor Analysis of 'Neurotic' Tendency." 1-20.

Mollenkopf, William G., "Variation of the Standard Error of Measurement." 189-229.

Perry, Albert D. (with R. Duncan Luce), "A Method of Matrix Analysis of Group Structure." 95-116.

Postman, Leo, "EGON BRUNSWIK. *Systematic and representative design of psychological experiments.*" A Review. 165-168.

Psychometric Corporation, Report of the Treasurer (June 1949). 335-336.

Psychometric Society, Constitution of the. 251-256.

Psychometric Society, List of Members of the. 337-345.

Psychometric Society, Report of the Treasurer (June 1949). 333-334.

Rulon, Phillip Justin, "Matrix Representation of Models for the Analysis of Variance and Covariance." 259-278.

Satter, George A. (with Clyde H. Coombs), "A Factorial Approach to Job Families." 33-42.

Starfield, A. (with I. D. MacCrone), "A Comparative Study in Multiple-Factor Analysis of 'Neurotic' Tendency." 1-20.

Swineford, Frances, "Further Notes on Differences Between Percentages." 183-187.

Thurstone, L. L., "Note About the Multiple Group Method." 43-45.

Tucker, Ledyard A, "A Note on the Estimation of Test Reliability by the Kuder-Richardson Formula (20)." 117-119.

Wherry, Robert J., "A New Iterative Method for Correcting Erroneous Communality Estimates in Factor Analysis." 231-241.

Yela, Mariano, "Application of the Concept of Simple Structure to Alexander's Data." 121-135.
